Eligibility

This year, we have simplified our eligibility criteria across profiles, as below:

• BE/BTECH/ME/MTECH - All specializations/branches;
• No active backlog at the time of assessment and joining
• Successful completion of full–time degree within the stipulated time frame.

Post:

Analyst (4.25 Lacs)
Analyst (5.75 Lacs) {5.5 LPA + 25K One-Time Bonus}
Senior Analyst (7.5 Lacs)

Our Assessments

Assessment 1	**English and Technical MCQ - Cognitive Assessment** *Technical assessment consists of data structures, algorithms, fundamentals of database, cloud, and networking. For roles specific to your streams technical assessment would comprise of stream specific topics. Details will be shared with your placement office.* Candidate assessment clearance depends on the scores of each module. Each round will be a mandatory, elimination round.
Assessment 2	**Spoken English Assessment** This round will be mandatory but not an elimination round.
Assessment 3	**Coding Assessment** Coding / Level 2 Technical assessment is a mandatory round and will be applicable for students eligible for higher package roles. Eligibility will be a combination of the student's performance in their academics and Capgemini Exceller assessments. *For roles specific to your streams technical assessment would comprise of stream specific topics. Details will be shared with your placement office.*

Register for Capgemini Exceller Program

Our hiring process this year will be virtual. As part of the pre-placement campaign, we will share some collaterals and details during the talk session and over a set of emails. To ensure maximum participation, we would require your support in ensuring that this message reaches all your students applying for placements this year. Please share the above-mentioned program details and our registration link with them.

Application **Link:**
https://app.joinsuperset.com/join/#/signup/student?jp=b8cdf959-b6a9-49a1-ac6d-f94b988fc15c

Please note that this registration is mandatory for receiving Capgemini related information and for applying for job opportunities during the placement season. Only those who complete the registration will be eligible to attend the various stages of placement.

Students should register, enroll for the placements and then apply to the Capgemini job on the Superset portal - our virtual recruitment partner.
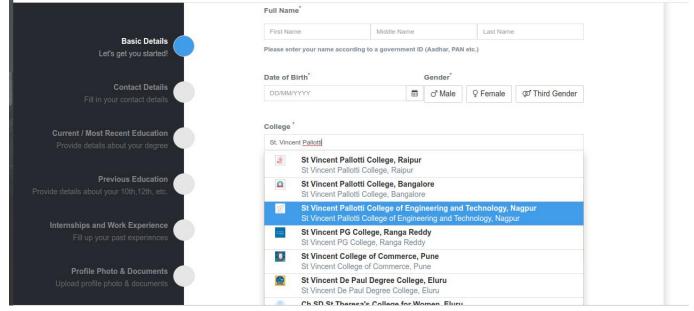

STEPS TO APPLY

1．Click on the Application Link and type your official mail id.

2．Create account and select college name by typing St. Vincent Pallotti College of Engineering and Technology. Then select college name from the dropdown as shown in the screenshot.

3．Fill all the details and complete your profile.

4．Apply for Capgemini Job

Note: It is prohibited for students to share this information to any platform. If any query please contact T&P coordinator.
